

SECURITY

CYBER

SECURITY CAVE - BAISD

PROGRAM INFORMATION

Students in the Cybersecurity Program will learn the vital components to cybersecurity fundamentals including threat detection, digital forensics, network infrastructure, ethical hacking, and even social engineering. Throughout the course, students will have the ability to receive several industry certifications that are in relation to the cybersecurity industry such as CompTIA A+, CompTIA Net+, CompTIA Sec+, in addition to college credit. Students will have the ability to participate in many cybersecurity challenges such as the Hack The Box and CyberPatriot.

ARTICULATION AGREEMENTS *(college credit)*

Davenport University, Delta College, Ferris State University, and Saginaw Valley State University
